

Advanced Kidney Care - *maximising choice, optimising care* Symposium 2025

27th February 2025

at Fetal Medicine Research Institute, 16-20 Windsor Walk, SE5 8BB

Hosted by:

Centre for Nephrology, Urology and Transplantation - King's College London

cnuteducation@kcl.ac.uk

Sponsors: CSL Vifor, Medice UK Ltd. and Stanningley Pharma Limited have supported this meeting through a payment to exhibit via a stand. The sponsors have had no involvement in any other aspect of this meeting.

Course summary

Join us for a multidisciplinary day reviewing developments in Advanced Kidney Care. After a successful launch in 2024 this one-day face-to-face symposium returns in 2025 and will be relevant to all healthcare professionals involved in this vital phase of kidney care.

Outcome aims

By the end of the symposium, you will have learnt about:

- Advanced Kidney Care research updates
- What's new in Transform AKC
- Enabling home renal replacement treatments
- Improving outcomes for 'crash landers'
- Transplant First: achieving the goal
- Transplant work-up with complex medical conditions
- The role of a Geriatrician in Advanced Kidney Care
- Psychological support for patients entering Advanced Kidney Care
- Occupational Therapy in Advanced Kidney Care
- Interactive complex clinical cases
