

KUMEC Quick Reference Guide

Clinical General Practice Module

iBSc Primary Care

2023-24

Overview

This one day per week longitudinal placement takes place in Terms 1 and 2 (19 days in total). It is an opportunity for students to experience real clinical practice in primary care and will help contextualise the theoretical learning and research undertaken in the iBSc. Students will be encouraged to consider everyday problems in Primary Care and ways in which health improvement initiatives, quality improvement and research can help improve patient care. In addition, this placement will allow students to develop their clinical knowledge and skills. Most students will have completed three years medical studies at KCL, and some students will intercalate from other UK universities. In most circumstances two students will be placed at your practice.

Student Activities

The activities that the students undertake in your practice are not prescriptive and there are a range of activities that will allow the student to meet their learning objectives. Students should aim to work as part of the practice team and contribute to practice activity.

- Clinic observation and participation
- Student-led health improvement clinic
- Health improvement activities
- Quality improvement project
- Community Action project
- Parkrun initiative
- Doctors of the World ‘Safe Surgeries’
- Flu vaccine clinics
- Clinical humanities project
- Work experience student mentoring
- ‘Near-peer’ medical student teaching / mentoring

More details can be found in the handbook.

Important Dates

You can choose whether to host students on a Tuesday or a Thursday.

Term 1 Dates 2023

Tuesdays	Thursdays
3rd Oct	5th Oct
10th Oct	12th Oct
17th Oct	19th Oct
24th Oct	26th Oct
*	<i>or</i> *
7th Nov	9th Nov
14th Nov	16th Nov
21st Nov	23rd Nov
28th Nov	30th Nov
5th Dec	7th Dec

Term 2 Dates 2024

Tuesdays	Thursdays
16th Jan	18th Jan
23rd Jan	25th Jan
30th Jan	1st Feb
6th Feb	8th Feb
13th Feb	15th Feb
*	<i>or</i> *
27th Feb	29th Feb
5th Mar	7th Mar
12th Mar	14th Mar
19th Mar	21st Mar
26th Mar	28th Mar

Intercalated BSc in Primary Care

Summary Infographic

For more information please go to <https://www.kcl.ac.uk/isrn/research/divisions/bscr/study/undergradops/kumeo/primary-care-ibsc> or contact primarycareibsc@kcl.ac.uk

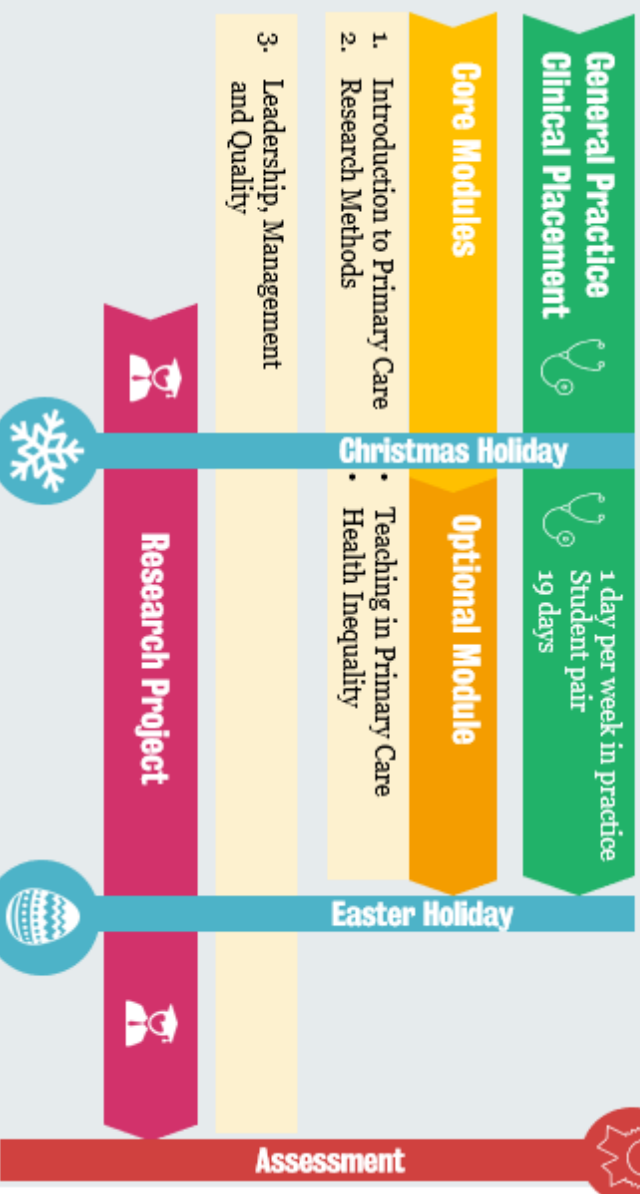

Overview

The intercalated BSc in Primary Care is an exciting opportunity for medical students to engage further with general practice clinical experience whilst also studying aspects of primary care in more depth and undertaking a research project. It will inspire doctors and health care leaders of the future, and give an excellent generalist grounding to students planning a career in both general practice and other medical careers, equipping them with the skills necessary to lead integrated and innovative care.
