

KUMEC Quick Reference Guide

Clinical General Practice Module

iBSc Primary Care

2024-25

Overview

This one day per week longitudinal placement takes place in Terms 1 and 2 (19 days in total). It is an opportunity for students to experience real clinical practice in primary care and will help contextualise the theoretical learning and research undertaken in the iBSc. Students will be encouraged to consider everyday problems in Primary Care and ways in which health improvement initiatives, quality improvement and research can help improve patient care. In addition, this placement will allow students to develop their clinical knowledge and skills. Most students will have completed three years medical studies at KCL, and some students will intercalate from other UK universities. In most circumstances two students will be placed at your practice.

Student Activities

The activities that the students undertake in your practice are not prescriptive and there are a range of activities that will allow the student to meet their learning objectives. Students should aim to work as part of the practice team and contribute to practice activity.

- Clinic observation and participation
- Student-led health improvement clinic
- Health improvement activities
- Quality improvement project
- Community Action project
- Parkrun initiative
- Doctors of the World 'Safe Surgeries'
- Flu vaccine clinics
- Clinical humanities project
- Work experience student mentoring
- 'Near-peer' medical student teaching / mentoring

More details can be found in the handbook.

Important Dates

You can choose whether to host students on a Tuesday or a Thursday.

Term 1 Dates 2024

| Tuesdays | Thursdays |
|----------|-------------|
| 1st Oct | 3rd Oct |
| 8th Oct | 10th Oct |
| 15th Oct | 17th Oct |
| 22nd Oct | 24th Oct |
| * | <i>or</i> * |
| 5th Nov | 7th Nov |
| 12th Nov | 14th Nov |
| 19th Nov | 21st Nov |
| 26th Nov | 28th Nov |
| 3rd Dec | 5th Dec |

Term 2 Dates 2025

| Tuesdays | Thursdays |
|----------|-------------|
| 14th Jan | 16th Jan |
| 21st Jan | 23rd Jan |
| 28th Jan | 30th Jan |
| 4th Feb | 6th Feb |
| 25th Feb | 27th Feb |
| * | <i>or</i> * |
| 4th Mar | 6th Mar |
| 11th Mar | 13th Mar |
| 18th Mar | 20th Mar |
| 25th Mar | 27th Mar |

Intercalated BSc in Primary Care

Summary Infographic

For more information please go to <https://www.kcl.ac.uk/isrn/research/divisions/bscr/study/undergradops/kumeo/primary-care-ibsc> or contact primarycareibsc@kcl.ac.uk

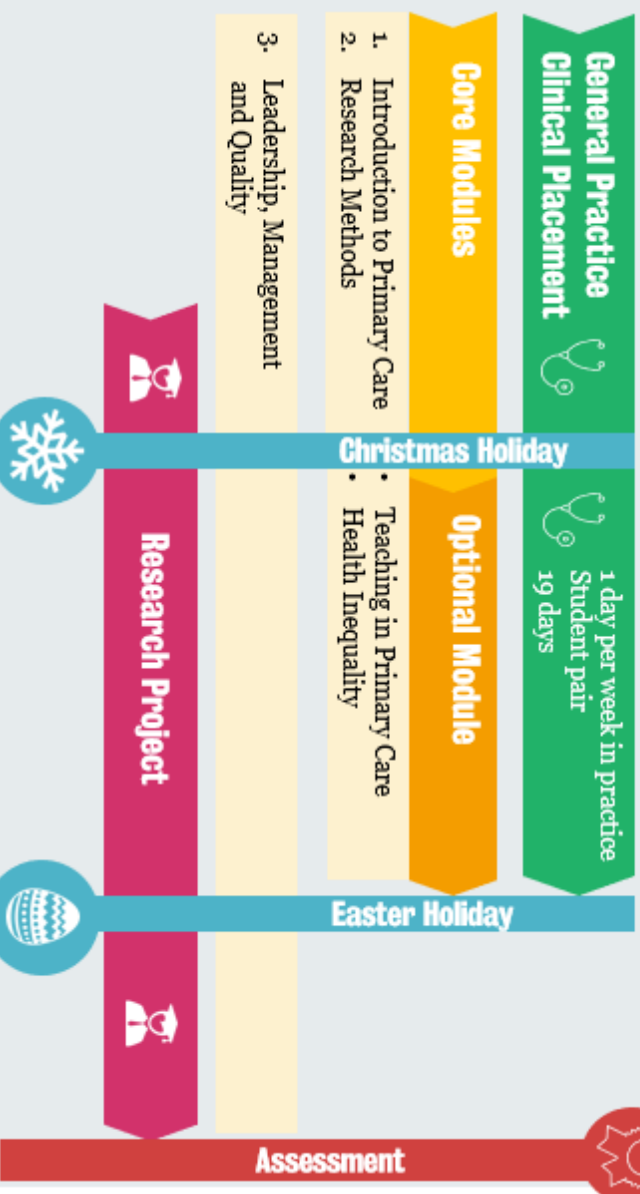

Overview

The intercalated BSc in Primary Care is an exciting opportunity for medical students to engage further with general practice clinical experience whilst also studying aspects of primary care in more depth and undertaking a research project. It will inspire doctors and health care leaders of the future, and give an excellent generalist grounding to students planning a career in both general practice and other medical careers, equipping them with the skills necessary to lead integrated and innovative care.
